— Detectable Warning Tiles —

ASIAN TACTILE

Detectable Warning Tiles

Robust. Seamless. Matchless.

Asian Tactiles have robust ridges and dots to guide the visually impaired safely to their desired destination. The tiles assist in giving directional guide to people walking or in wheel chairs. Following international standards, Asian Tactiles are primarily manufactured in yellow color and are used in diverse applications.

Special Features:

- Manufactured in 100% Automated Plant with technology from Germany
- First rate material
- Seamless fitting
- Available in Ridge and Dot designs

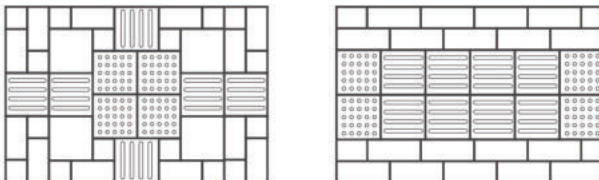

Where to be used:

Walkways | Patios | Parks | Bus Stops | Hospitals | Government Buildings | Housing Colonies

Colour Range:

Patterns:

Ridge Design

Dot Design
